

Alexander Fresh Vegetables
4018 route 224 Hope River, PEI
www.afvpm.com
(902)888-7456

Sandy MacKay owns and operates his organic farm in the hills of Hope River only 6 miles from Cavendish. On his 4 acres and 7 more he can use, Sandy has a greenhouse for starting plants as well as growing crops in the shoulder seasons to extend the time to supply fresh produce. Sandy sells at the farm gate, fills orders and delivers. In 2013 he will be establishing a mobile farmers market and will be selling chicken burgers, turkey burgers, lamb and organic fresh vegetables. He grows a wide variety of vegetables, and is willing to try new ones if there is demand for them.
