

Point Prim Produce

Point Prim, PEI

(902)659-2442

phswls@gmail.com

Wendy and Peter Southward moved to PEI from an organic farm in Ontario where they sold produce at the Brickworks and Riverdale Farmers Markets in Toronto. They established an organic market garden beside the lighthouse in Point Prim on the Northumberland Strait, where grow a many herbs and vegetables, especially garlic. They sell to local people as well as to a local restaurant. They will also have a booth at the Charlottetown Farmer's Market in early spring and attend shows to sell their seed.
